

LA RABIDA
CHILDREN'S HOSPITAL

**Remembering the Past,
Celebrating the Present and
Preparing for the Future**

A conference commemorating the 20th Anniversary of Child and Family Connections at La Rabida Children's Hospital.

This conference celebrates the journey of Early Intervention by highlighting leaders who have made significant contributions in advancing the field. Our collection of presenters represents the diverse roles that enrich Early Intervention. Our History Makers, Victor Bernstein, Ph.D. and Linda Gilkerson, Ph.D., will share their wisdom through the story of Early Intervention in Chicago. Our Movers and Shakers panel is a compassionate team of early interventionists who will offer creative assessment and intervention strategies. Our Trail Blazers, Dr. Nancy Roizen and Dr. Edith Chernoff, will explore current trends in the care of medically involved children. This conference will provide opportunities for participants to gain insight into a family's experiences of Early Intervention services. We will conclude with a family who will share their remarkable journey.

This conference is a one-day conference with keynote speakers presenting throughout the day.
